Since 1978 **Roll Former** seamers have a history of quality and durability. Our seamers produce perfect seams on all materials from Copper to Kynar finished Galvanize/Galvalume Steel at 30 fpm - without damage to the material. They can also seam NTM, Knudson, ESE and Schleich profiles.

**PLEASE SPECIFY YOUR PROFILE NEEDS!**

The **Model SSX Heavy Duty** will form a complete double lock standing seam with a single pass. Our exclusive nose switch cuts the unit off if it comes to the edge of the roof, eliminating expensive and time consuming accidents.
